SUBMARINE GUARDED BY SMALLER UNDERSEA CRAFT WHILE IT SHELLS DUTCH STEAMER OFF THE CANARY ISLANDS

London, December 1—A Reuter dispatch from Las Palmas, Canary Islands, says the Dutch steamship Kediri, 3,778 tons gross, has been sunk. The crew was landed.

The Kediri was sunk by shell fire from a large submarine, which was accompanied by a smaller submarine. The smaller craft did picket duty, the dispatch says, while the Kediri was being shelled.

Lloyd's announces the sinking of the Danish steamship Egholm, 1,348 tons gross, and of the French sailing vessel St. Ansbart, 275 tons. The crew of the St. Ansbart was landed.

The shipping agency also announces the sinking of the Norwegian steamer Naaja.

A searchlight five feet in diameter, from which light shafts have been seen 200 miles away, has been built for the United States navy.

Pennsylvania silk factories employ 38,000 hands.

SANTO DOMINGO OCCUPIED BY U. S. MILITARY FORCES

Santo Domingo, Dominican Republic, November 30—The proclamation of military rule in the Dominican republic issued by Captain H. S. Knapp, in command of the United States forces here, declares, on behalf of the American Government, that the republic has been occupied by military forces. It gives assurance that there is no intention on the part of the United States to destroy the independence of the republic, but on the contrary, expresses a desire to assist the country to establish internal order and to enable it to comply with the provisions of its conventions and to fulfill its obligation as a member of the family of nations.

The Dominican laws are to remain in force, except such as conflict with the object of the occupants. Quiet prevailed here last night.

A German inventor has brought out an oxyhydrogen torch for cutting metals under water, the gas being supplied at high pressure.

China will teach papermaking in a government school.

TOO DANGEROUS TO OVERLOOK

Maysville People Will Do Well to Heed the Warning.

To have good health, the digestion, heart, lungs and kidneys must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain or distress gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. But kidney trouble does give early signs, and backache, headache, dizzy spells, rheumatic pains, too frequent, scanty or painful urination should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, successful, strongly recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Maysville people. Read this Maysville resident's endorsement.

W. F. Lynch, 127 W. Third St., Maysville, says: "My kidneys were weak and the passage of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box. They quickly restored my kidneys to a normal condition."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-McBurn Co., Props., Buffalo, N. Y.

WHAT! NOT DEAD! BULL MOOSE SLOWLY IS BEING RESUSCITATED, 'TIS WHISPERED

New York, December 1—The National Progressive party, though to have been fatally wounded, if not killed, at Chicago last June, is being resuscitated slowly but surely. This was the news which brought anything but tinglings of pleasure to leaders of the two old line parties today.

The Bull Moose organization, unless present plans miscarry, expects to make its second debut at St. Louis late in January in a grab so strange that the party of four years ago may not even be recognized. Not even the name of emblem is likely to remain, while George W. Perkins, Horace Wilkin, William Hamlin Childs and other big Eastern men of wealth who supported the party between the last two presidential elections, are to be conspicuous only by their absence from the roles of the reorganized party.

Under the auspices of state "reorganization committees" the old Progressive party is being brought back to life in every state of the Union, according to the news which leaked out today. Following preliminary meetings in the separate states there is to be a big national gathering in St. Louis at which new articles of faith are to be written, new principles evolved and new national leaders chosen.

A good inflow makes a good outflow; he who takes in much can and must give much.

DEPORTATION PROTEST IN RE-NEWED BY U. S.

Washington, December 1—Acting on its own behalf, the American Government has informed Germany anew of its deep concern over the deportation of Belgians from their own country by the German military authorities. This action has been taken as a result of information about the deportation gathered from different sources and after fruitless informal efforts on behalf of the Belgians made by American Charge Grew at Berlin.

Germany has been informed that the treatment of the Belgians has made a very bad impression in this country and that the United States cannot avoid taking notice of the situation, basing its stand on the broad grounds of humanity.

The American Government, it was learned today, was led to move not only because of the expressed feeling that deportations have been looked upon with disfavor both by the American people and Government, but because of fear that the Belgian relief work which is administered by Americans may be interfered with.

The information already in the hands of the State Department on the situation was supplemented today by the Belgian Minister, E. Havenith, who reported to Secretary Lansing that more than 100,000 Belgians had been deported, and that deportations are continuing at the rate of 3,000 a week.

The new steps taken by the United States were a visit of Colonel E. M. House and James W. Gerard, American Ambassador to Germany, to the White House and State Department earlier in the week, Ambassador Gerard, who plans to leave for Berlin Tuesday, will be in a position to present the personal views of President Wilson to the German Foreign office when he arrives there.

CAR SHORTAGE IN SOUTH AND WEST TO BE AIDED

New York, December 1—To afford quick relief to the railroads which are suffering most severely from a car shortage, the American Railway Association undertook today to force a larger number of box cars from other sections of the country to the South and West. Announcement was made here that instructions had been issued to virtually all railroads by the Conference Committee on Car Efficiency of the association, directing them to turn over to their Southern and Western connections more box cars than were received in return. This applies to both loaded and empty cars.

Under these directions, it was announced, New England railroads which have on their lines more cars than they own, must turn over to their Southern and Western connections 30 per cent. more cars than they received from those lines. Railroads of the Trunk Line and Central Freight territory and lines of the Central West must send West and South 20 per cent. more cars than they receive in return, and Southern and Western roads are required to send 10 per cent. more.

All railroads were directed to send to the Conference Committee on Car Efficiency at Washington weekly reports showing the number of cars received or delivered to other roads, so as to indicate the direction in which the cars were moved.

LIFTING OF EMBARGO ON ARMS TO MEXICO CONSIDERED BY PRESIDENT

Washington, December 1—Although no official news of the rout of the Carranza forces at Chihuahua by the Villa bandits came to the State or War Departments today or to the Mexican Embassy, Eliseo Arredondo, the Ambassador designate, after conferences with Secretaries Lansing and Baker expressed the belief that the unofficial reports were true, and ascribed the defeat of the Carranza forces to a lack of ammunition and food rather than demoralization.

Soon after Mr. Arredondo's visit to them, Secretaries Lansing and Baker separately conferred with President Wilson. No announcement was made, but it was apparent in official circles that there was some apprehension over the situation which might confront this Government should Villa advance north, as has been predicted, take Juarez and establish himself as a de facto authority again at the doors of the United States.

From a military standpoint, possession of Juarez and Chihuahua might lead to possession of Monterrey, Saltillo, Durango and practically military control of the east portion of Northern Mexico.

The President is said to be seriously considering lifting the embargo on the exportation of arms to Mexico.

A "congress of continental American history" is to be held in Rio de Janeiro in 1922 during the centennial celebration of the independence of Brazil.

ADVERTISED LETTERS

List of unclaimed letters in the Maysville Postoffice week ending November 29:

Baler, Miss Floor

W. W. WILKINS, Agent.

JONES sometimes wakes up feeling cross and in consequence the family know it without his telling them in so many words.

Mrs. Jones attributes it to biliousness and if it doesn't wear off during the day she gives him a dose of liver medicine at night. The next morning he feels better and she gives him coffee for breakfast,—and the next morning,—and the next morning. And in a few days Jones has another spell.

Dear Mrs. Jones means all right, but she doesn't seem to realize that if she didn't give Jones his morning coffee she wouldn't have to give him the liver medicine and Jones would feel all right without both.

Housewives everywhere have found out that *Instant Postum* takes the place of breakfast coffee perfectly. And that is only one of the reasons why *Instant Postum* has wholly supplanted the use of coffee on thousands upon thousands of American breakfast tables.
